Present city Nagpur is originally established by tribal King of Gond dynasty. Also known as "The Tiger Capital" of the state India, the city has completed 300 years of establishment in the year 2002. The city is also counted amongst the most secure cities of the country; and hence, India's majority gold asset is kept in Nagpur's Branch of Reserve Bank of India. As far as roads, railways and air- flights are concerned, the city is well connected and well served to all the major cities of India. Since ages, it has been a city of cultural and political importance. It is worth mentioning that the MIHAN is the biggest project of its type concerning economic investments.
